0800 Calibration Flight
0820 P1. P2 & P3

Sunday: 0800 Calibration flight
0820 SF1 & SF2
1400 Presentations

Euro Heli Series

Germany – 8-9 August 2026

Introduction:

We are pleased to announce that the 2026 German Euro Heli Series competition will be held in Kandern, near Basle, Southern Germany. The competition will be hosted by the AMC Markgraeflerlan and the DMfV (Deutscher Modellflieger Verband).

We invite all current FAI F3C pilots to compete in this round of the 2026 Euro Heli Series competition.

Number of flights:

All pilots perform 3" P" flights with the top 15 pilots performing 2 "SF" flights. The schedule may change due to weather conditions or number of pilots.

Flight Order:

Randomly selected by the computer before the start of the competition.

Calibration Flights:

The calibration flight for P Schedule will be completed by the last pilot to fly in the 1st round as the flight order is randomly selected.

For the SF Schedule, the calibration flight will be performed by the pilot ranked 16th in the preliminary rounds. If all pilots fly the SF Schedule, the calibration flight will be completed by the last pilot to fly in the 1st round of SF, as the flight order is randomly selected.

Competitors:

This competition is registered with the FAI. All current FAI-registered F3C pilots are invited to register.

Competition Rules:

The competition will be run in accordance with the FAI Sporting Code (including ranking), Section 4, 2026 Edition in addition to all applicable amendments.

Pilot preparation:

A pilot may enter the preparation circle as soon as the preceding pilot leaves it. He can test hovering his model after the previous pilot has finished the first flight figure. The engine must be stopped when the preceding pilot has finished the last flight figure before the autorotation. The pilots flight time starts when he leaves the preparation circle or latest 30 seconds after the ready signal is given by the competition director.

www.euroheliseries.net

Safety:

The competition director may randomly select pilots to demonstrate that the failsafe is correctly set on their models. This includes the automatic power off of the motor in case the transmitter signal gets lost.

Protests:

All protests must be presented in writing to the Contest Director at the competition site and must be accompanied by a deposit of 50€. The deposit will only be returned if the protest is upheld.

Awards:

A Euro Heli Series Diploma will be awarded to all competitors. Trophies will be awarded for 1st, 2nd and 3rd place.

Official Language: Official language will be English/German

Pilot's Registration:

The maximum number of pilots will be 22 to ensure enough time to complete the rounds. Registration will only be confirmed once a registration form and full entry fee of €90 (€45 for Juniors) have been received. The entry fee must be paid in accordance with the registration policy on the Euro Heli Series website.

Registration for the competition is to be done by completing the electronic form on the F3scoring website. A link can be found on the Euro Heli Series website (<http://euroheliseries.net/registration>). Your name will be added to the list once the registration is complete and the full entry fee is received.

Frequency: 2.4GHz only

Judges:

Stefan Wolf (GER))
Manrico Duzzi (SUI)
Johann Egger (AUT)
Stefan Wachsmuth (GER)
Beat Tanner (SUI)

Jury: TBC

Competition Director: TBC
