Euro Heli Series

Denmark 2025 (30 May – 01 June)

Introduction:

We are pleased to announce that the 2025 Danish Euro Heli Series competition will be held in Rc-Parken South of Denmark. The competition will be hosted by Styringsgruppen and Rc-Parken.

We invite all F3C pilots to compete in this round of the 2025 Euro Heli Series competition.

Number of flights:

All pilots perform 4" P" flights with the top 15 pilots performing 2 "F" flights. There may be the opportunity to fly additional rounds of the P Schedule or for all pilots to fly the F schedule should they wish. This will be decided before the pilot's briefing once we have an accurate weather forecast for the weekend and know the number of participants.

Flight Order:

Randomly selected by the computer before the start of the competition.

Calibration Flights:

The calibration flight for P Schedule will be completed by the last pilot to fly in the 1st round as the flight order is randomly selected by the F3Scoring application.

For the F Schedule, the calibration flight will be performed by the pilot ranked 16th in the preliminary rounds. If all pilots fly the F Schedule, the calibration flight will be completed by the last pilot to fly in the 1st round of F, as the flight order is randomly selected by the F3Scoring application.

Competitors:

This competition is not registered with the FAI and is open to all F3C pilots.

Competition Rules:

The competition will be run in accordance with the FAI Sporting Code (including ranking), Section 4, 2025 Edition in addition to all applicable amendments.

Safety:

The competition director may randomly select pilots to demonstrate that the failsafe is correctly set on their models.
