Possibility of camping on site and reception of motorhomes and caravans.

We are pleased to host the F3C World Cup – EHS France for this year 2024. The Sud Vienne Aero-Modelling is a small but dynamic club. Since our installation in 2006 on the Surin site, we have had the pleasure of organizing several France Championships (F3A – F3M – F3Q).

Surin is a small town of about 150 inhabitants located in the south of the Vienne department, in the north of the Nouvelle Aquitaine region, 80 km from Futuroscope. Two roads will bring you close by :

- North-South axis: the RN10, linking Poitiers to Angoulême; take the exit "Niort, Limoges, Civray"»

- East-West axis: the D948 or D148, linking Limoges and Niort; go through Civray and take the direction "Ruffec, Genouillé, Surin" and turn left at the Super U roundabout.

The field is located on the former football stadium, outside the village of Surin; after passing the town hall, turn left towards Châtain and after 1 km turn left at the crossroads towards Asnois.

Please note: another Surin exists in the Deux Sèvres.

The calm of the countryside awaits you, you can enjoy the camping area, and the permanent facilities: two showers and two toilets; A sink and sink are available at the back of the room, near the toilets.

Meals are prepared in the room by the club's volunteers. The cuisine is simple and traditional. We do not serve meal trays, and you will be served at the table under the club's arbours.

A refreshment bar will be provided on the grounds to offer you refreshments or coffee.

A meal reservation form will be offered to you a few weeks before the competition, and must be sent back to the club before April 15, 2024 with the payment made by transfer to the Club's account:

IBAN : FR76 3000 4003 5900 0100 1265 238

BIC : BNPAFRPPXXX

Accommodation: The site is far from the big cities; the closest are Poitiers or Angoulême located about 60 km away and an hour's drive to find the major hotel brands.

Nearby you will find hotels, gîtes or bed and breakfasts from page 18 of the tourist guide of the Civraisien (Charroux, Civray, Asnois, Genouillé, Lizant, Savigné, St Pierre d'Exideuil ...):

Other accommodations can also accommodate you as we are close to the Charente department (see for example Champagne-Mouton, Benest, Nanteuil-en-Vallée).

We invite you to book your accommodation as soon as possible, if the campsite is not your choice.

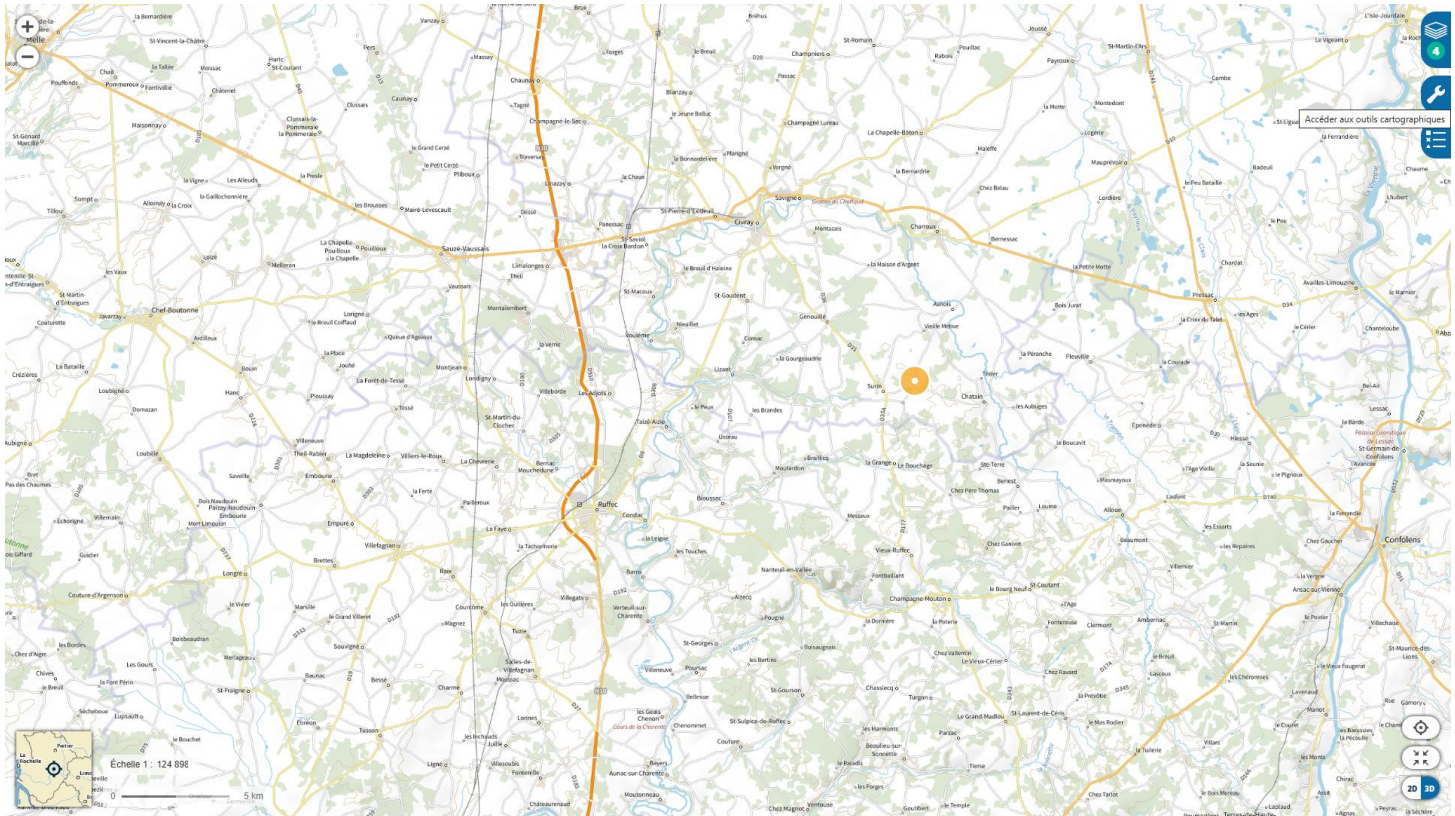

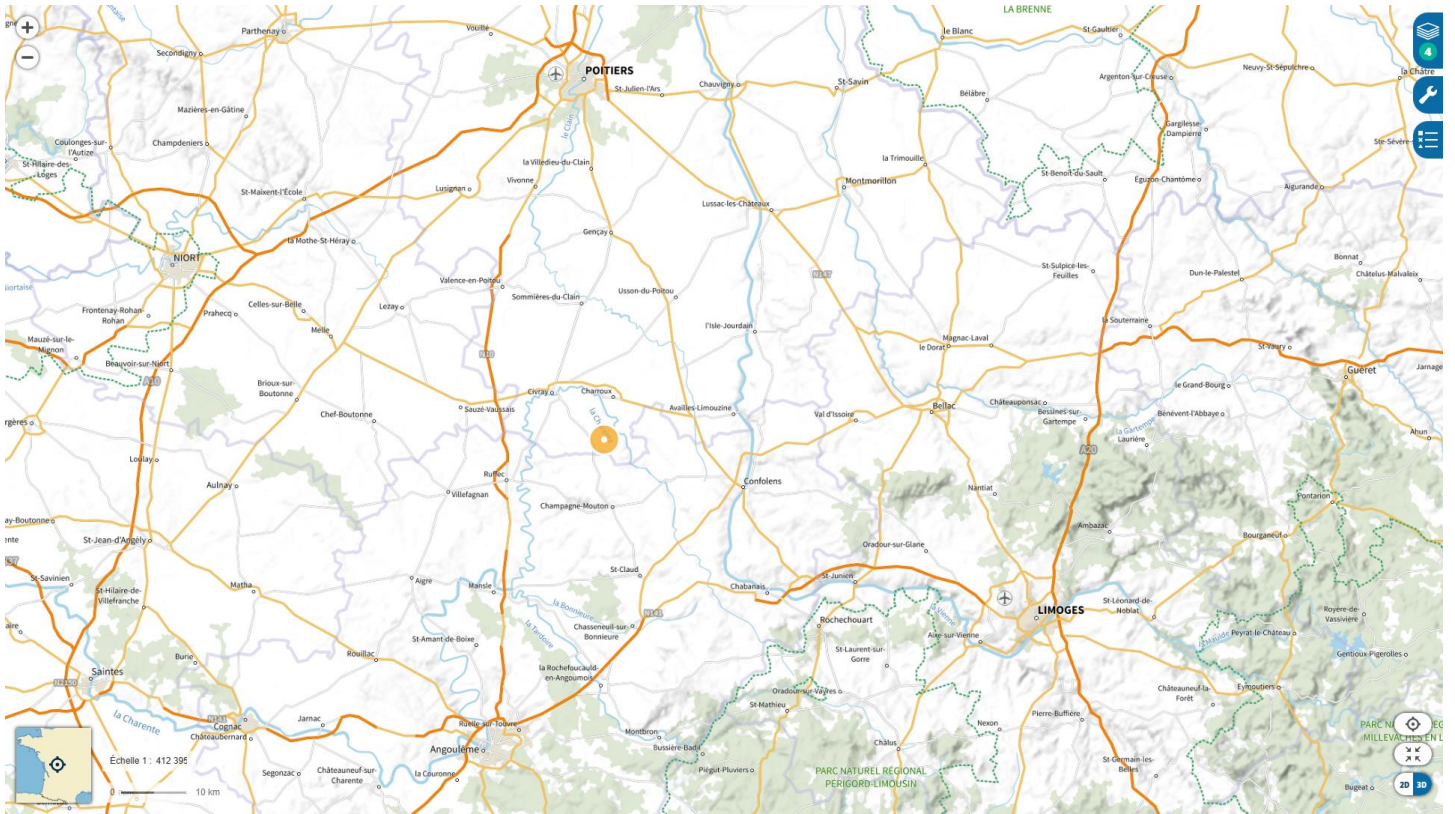

Pets are allowed on the grounds as long as they are kept on a leash and pick up their droppings.

Local waste management is becoming more and more restrictive. The club only collects its own waste from the preparation of meals or the refreshment bar.

Any waste from outside (packaging, container, bottle, etc.) must be taken away by its owner. A glass bin is available near the church of Surin.

We strive to keep the land in a clean and welcoming condition, we thank you for helping us in this task by not throwing away any cigarette butts (boxes available on the ground), no papers for the respect of Nature.

Number of flights:

All pilots will perform 3" P" flights with the top 10 pilots performing 2 "F" flights. Subject to time and number of entrants, there may be the opportunity to fly an additional round of the P Schedule or for all pilots to fly the F schedule should they wish. This will be decided at the pilot's briefing and once we have an accurate weather forecast for the weekend and know the number of participants.

Flight Order:

Randomly selected by the computer prior to the start of the competition.

Calibration Flights:

Calibration flight for P Schedule will be completed by a pilot available at field on Friday evening.

Calibration flight for F Schedule will be performed by pilot ranked 11th in the preliminary rounds. If all pilots should fly the F Schedule, the calibration flight will be completed by a pilot randomly selected by the computer. It will be performed Saturday evening
